If I could be a fairy queen
And I would hold a magic key
To reveal the hidden secrets of the mind

Then I could see the darkest blue
The mystery that's part of you
And I'd weave a spell to take away your sorrow

Fairy queen
Fairy queen
Changing teardrops to a smile
Holding daydreams for a while
Fairy queen
Fairy queen
She's your shelter in the night
The guardian angel by your side
Fairy queen

If I could be a fairy queen
I'd find the long forgotten dream
That is deep inside the memory of a child

If I could hear what words don't tell
from Way down in the wishing well
Then reality would turn into illusion

Fairy queen
Fairy queen
Changing teardrops to a smile
Holding daydreams for a while
Fairy queen
Fairy queen
She's your shelter in the night
The guardian angel by your side
Fairy queen

If I could be a fairy queen
I'd take a walk behind the scene
Where the puppet acting plays that never ends

I'd pull their strings to set them free

They'd play their parts most perfectly
And my magic harp would make them live forever

Fairy queen
Fairy queen
Changing teardrops to a smile
Holding daydreams for a while
Fairy queen
Fairy queen
She's your shelter in the night
The guardian angel by your side
Fairy queen
