"Hopeless?"

Visit "[Hopeless?](#)" on MotoLyrics.com

The deeper i try to go, the shallower i find myself
i dance on the strings of selfishness, self-
righteousness
imprisoned in my house of greed
entombed in torturous
envy
...i'm not free.
ambassador of arrogancy, every step a proud
conspiracy
everything orbit me :emblem of hypocrisy

imprisoned in my house of greed
entombed in tortuous
envy
...i'm not free.

(self-analysis - is it painful to hear? the diagnosis must
be clear or the disease will never disappear)
strength of the strong
