It's a love plan

I wanna be your lover

I gotta make you look into my eyes

It's a love plan

I wanna be your lover

I gotta make you look into my eyes

It's a love plan

(Look into my eyes)

It's a love plan

I wanna be your lover

So come on closer

A roller coaster

You take me up and dance

You take me up in the night

I say forever

.... and never

It's up this once again

You'll never got me no way

It's a love plan

I wanna be your lover
