Warrior in woolworths
Humble he may seem
Behind his serville innocence
He plots and he schemes
He's the rebel on the underground
She's the rebel of the modern town
He's the rebel on the underground
She's the rebel of the modern town
Warrior in woolworths
His roots are in today
Doesn't know no history
He threw the past away
Warrior in woolworths
Dips on friday nights
Youths meet at stockwell tube
Weapons rule their lives
