It doesn't help you if you scream and shout  
That isn't what this thing is all about  
And do you really want to fight to win  
You're missing out and that's another sin  
Your dream of power is a sacrifice  
Do you really want to pay that price  
Just think about it and you'll change the pace  
Look in the mirror tell me who do you face  
Who is that?

It's everything, everything is not enough  
I want it all, that's tough, that's tough, that's tough  
Another dream, another dream, another dream goes  
pop  
This is the time, let's stop, let's stop, let's stop

Nobody loves you if you moan all day  
So take it easy then you'll get your way  
You ain't no dummy and I'm sure you know  
You know it's better if you let it go  
You're in control if you let it go  
You're feeling better when you let it flow  
You never really had to catch the moon  
You're better jumping to another tune  
So let's jump

It's everything, everything is not enough  
I want it all, that's tough, that's tough, that's tough  
Another dream, another dream, another dream goes  
pop  
This is the time, let's stop, let's stop, let's stop

It's everything, everything is not enough

I want it all, that's tough, that's tough, that's tough  
Another dream, another dream, another dream goes  
pop  
This is the time, let's stop, let's stop, let's stop (do, do,  
do it)

I've got it all but it's not enough  
I keep thinking "Boy I feel so rough"

This can't be me, I'm such a happy guy"  
I laugh a lot but I want to cry  
A cry for help is just letting go  
It hurts a lot but I think I know  
It's time for change I don't need the hype  
It's time for change and the time is ripe  
So let's go

It's everything, everything is not enough  
I want it all, that's tough, that's tough, that's tough  
Another dream, another dream, another dream goes  
pop  
This is the time, let's stop, let's stop, let's stop

It's everything, everything is not enough  
I want it all, that's tough, that's tough, that's tough  
Another dream, another dream, another dream goes  
pop  
This is the time, let's stop, let's stop, let's stop

It's everything, everything is not enough  
I want it all, that's tough, that's tough, that's tough  
Another dream, another dream, another dream goes  
pop  
This is the time, let's stop, let's stop, let's stop...
