There's a man at the top  
And I know that he's pulling the strings  
He's got his eye in the sky  
And I know that he sees everything  
There's a bug on the phone  
Got his eye on the fly on the wall  
But the man in the street doesn't know  
'till the guillotine falls

Then he drops before you realize  
Bullets hit you right between the eyes

I'm a man with a mission  
Got my foot in the door  
I'm the man with a mission  
And I'm breaking the arm of the law

There's a voice in the air  
And you welcome it into your home  
But the snake in the grass  
Is the power behind the throne  
While you sit in your castle  
The enemy's scaling the wall  
If you don't make a sound  
There'll be no one to answer your call

The evidence is there in black and white  
Your number's up for grabs if you don't fight

I'm a man with a mission  
Got my foot in the door  
I'm the man with a mission

And I'm breaking the arm of the law

I'm a man with a mission  
got an ace up my sleeve  
I'm the man with a mission  
And your trapped in the web that I weave

Open your eyes - see the lies while you dance in the dirt  
Open your eyes - to the lies while you still got a chance

Open your mind - and you find that you're locked in a  
trance  
Stars in your eyes - they make you blind this is not a  
romance

The evidence is there in black and white  
How long will it take you to see the light?

I'm a man with a mission  
Got my foot in your door  
I'm the man with a mission  
And I'm breaking the arm of the law

I'm a man with a mission  
got an ace up my sleeve  
I'm the man with a mission  
And your trapped in the web that I weave I'm a man  
with a mission  
Yeh, I'm a man with a mission  
Ooh, I'm a man with a mission  
I'm a man with a mission
