I saw you so pretty  
Your face lit up the city  
Two worlds came together  
The memory stays for evermore

So different your fashion  
You were the main attraction  
Heads turning in wonder  
I felt myself go under  
(Oomachasaoma...)  
'Ooh I'm a drowning man  
Save me please  
I need you so give me a helping hand

[CHORUS]  
Nothing can stop you when you  
Feel the love  
No chains can hold you when you  
Feel the love  
Don't try to fight it when you  
Feel the love  
Nobody matters but the one you love

My intro I fumble  
My facade starts to crumble  
So strange your reaction  
I made the right connection now

You got me no bother  
I can't see any other  
The world keeps on turning  
I wouldn't care if it was burning  
(Oomachasaoma...)  
'Ooh I'm a drowning man  
Save me please  
I need you so give me a helping hand

[CHORUS]  
It's a million to one  
You should find the right door  
But there's no guarantee

You'll find what you're looking for  
Don't give up if you blow it the first time around  
But you've got to beware  
If you're walking on air  
Keep your feet on the ground  
(Keep your feet on the ground)

Don't stop me I'm not dreaming  
I can't ignore this feeling  
Your love is my lifeline  
You're so right so fine so glad you're mine  
(Oomachasaoma...)  
'Ooh I'm a drowning man  
Save me please  
I need you so give me a helping hand

[CHORUS (Repeat to fade)]
