Remember I'm the one who didn't have a lot to say
I was trying to find the courage, but I let you walk away
And I can't forget your face, y'know it haunts me all the
time
And it seems to me you're living in a dream

[CHORUS]

Wish we could run away, and we could be alone
together
Far away, and leave the world behind
Runaway, what I want to say is
You're a part of me, let me be a part of you

Want to tell you what I'm thinking, but the words get in
the way
When I'm sitting here alone I find the things I meant to
say

If I wrote them in a letter, would you read between the
lines
Would you understand how much I really care

[CHORUS]

(I) I love you
(Need) I need you
(You) Don't want to live without you

If I'm backward counting forward, would you help me
realize
All the answers to the questions I've been asking with
my eyes
I could hand you all the cliches, but you've heard them
all before
And I want to say I love you in my own way

[CHORUS]

And could we run away...

[CHORUS]
