This boy he's a midnight driver  
High roller and a soul survivor  
She tried to send him on his way  
He say, hey, I wanna stay  
If you don't mind I'm hanging around

This girl's on the road to nowhere  
She wouldn't say but another day there  
It's not the role she's decided to play  
She say, hey, don't wanna stay  
There's no reason for hanging around

Take me where I wanna go running  
Where the sea rushes up to the shore  
It's a lonely place but I need the space  
Want to let my feelings soar  
Help me find the key to my prison  
I've waited long enough to be free  
I love you but I'm not really living  
It's now how I want it to be

Listen, I know what she's like she's just a dreamer  
But I'll win in the end I'm a schemer  
Give her time she'll be on the phone  
She's never gonna make it alone

Better leave the door on the latch  
She'll soon be hurrying home  
Oh Mother, it looks like I'm in for stormy weather  
So I'd better get my story together  
Got to make it good she's no fool  
I'll take her in my arms, I'll be cool  
Don't want to get her upset  
I wanna make her forget

Take me where I wanna go running  
Where the sea rushes up to the shore  
It's a lonely place but I need the space  
Want to let my feelings soar  
Help me find the key to my prison  
I've waited long enough to be free  
I love you but I'm not really living

It's now how I want it to be

This girl's she's a real survivor  
She don't believe in the midnight driver  
So she's starting a brand new day  
She say, hey, don't wanna play  
It had to stop, so I'm going away  
I'm going away  
I'm going away
