I found myself on my knees in prayer  
The consequence of my deep despair  
Now I must speak, get it off my chest  
It ain't no joke and it ain't no jest

Every night she would come to me  
But her demands brought disharmony  
I said, "You can't bring your drums to bed,  
Your rhythm method's gonna leave me dead."

Got to take this woman  
Cos she's a whole lotta woman  
Why don't you take this woman  
Take this woman lock her away

It would be churlish of me to complain  
But caviar every night is insane  
I'm fit to burst, I'm not in the mood  
But she say, "Lie down babe, I wanna talk to you."

Well I'm not fond of your family ties  
The hangman's noose in your mother's eyes  
You chatterbox like a talking head  
Je ne comprends pas the words that you said  
Take this woman  
Cos she's a whole lotta woman  
Why don't you take this woman  
Take this woman lock her away

Don't want to love you  
I really tried  
But I'm hook line and sinkered deeply fried  
I've got to admit that with all your faults  
We touch and it feels like a million volts

Listen - I realised I'd made a big mistake  
I'm only human for heaven's sake  
Lord give me strength don't let me falter  
I'm gonna take her to the alter

And I'll take this woman  
Cos she's a whole lotta woman

I'm gonna take this woman  
Take this woman lock her away

I'm gonna take this woman  
Cos she's a whole lotta woman  
I'm gonna take this woman  
Take this woman lock her away

Woh, yeah....
