Momma don't mind, cause your momma don't know  
But if your poppa finds out that we're all alone  
He's gonna change your mind and rearrange my bones

Cause the power of love is like a tidal wave  
It can pick you up and knock you on the floor  
make you do the things you never done before

Don't imagine that you're free  
There's no escaping from reality  
You're under the spell, under the power of love

Turn the lights down low (lights down low)  
And the hi fi high (hi fi high)  
Put the lock on the door, pull the curtains too  
Don't want the world to know, I'm getting close to you

Well you never see it (never see it)  
But you sure can feel it (sure can feel it)  
And if you get the taste, you get the hunger pains  
You'll be hooked for life, never be the same

Everybody's gonna see  
There's no escaping from the mystery

You're under the spell, under the power of love

The power of love (power of love)  
The power of love (power of love)  
The power of love (power of love)

So you're sitting in a restaurant  
And you feel so nonchalant  
When the waiter says "what'll it be"  
You start to speak, then suddenly  
A pretty girl walks 'cross the floor  
You ain't thinking 'bout food - no more

'Cause the power of love is like a tidal wave  
It can pick you up and knock you on the floor  
make you do the things you never done before

Don't imagine that you're free  
There's no escaping from reality  
You're under the spell, under the power of love

The power of love (power of love)  
The power of love (power of love)  
The power of love (power of love)
