Busy bee buzz around your flower now.
And run around my hour now, come on talk to me.
Yeah, and busy bee tell me do I have the power now
To name the coward now, too proud to be free?

And ya know you can't fight the way the wind blows
you anyway
And I'm in no shape to see the truth.
And you know the path less traveled it ain't the safest
one no way.
We all gotta do what it is we gotta do.

Yeah man, lead us to the Promised Land
And make 'em all understand we're gonna be
alright.
Yeah, but Mr. Boss man, don't you sleep too late
'Cause the ones that you love to hate, they're always
watching you.

And ya know you can't fight the way the wind blows
you anyway
And I'm in no shape to see the truth.
And you know the path less traveled it ain't the safest
one no way.
We all gotta do what it is we gotta do.

Ohhh

Yeah, hey mangy dog look at him standing in the grass
Just out of your grasp, oh but one day.
Yeah hey mangy dog, I know you've been chained up
too long
And we all know that you've been wronged
And wronged never stays down for long.
No wrong it never stays down for long (repeat 3x)
Why you gonna keep 'em down that long?

Yeah and Mr. President, I know you think your heaven
sent
To save us from the tyranny of evil men,
But who's gonna save us from ourselves?

Yeah Mr. President, it seems to me that you're hell
bent
On taking everything that you can get,
And you just don't know when to quit.
No you just don't know when to quit (repeat 3x)
And you're running us right out of friends, yeah just
ask the UN.
