The earth is on fire  
A glorious globe  
Gods of desire  
We build a new home

Ball of confusion  
A market for love  
The final solution  
Dynasty from above

How lethal is the grand infusion  
We tamper with a chemical bath  
Like metal greased in oil solution  
Walk this dire path

Like heroes of the Fort Masada  
Apocalypse the end of the earth  
The transgalactic reich Chromada  
A chosen rebirth

Paradise in disguise  
Shout the truth whisper lies  
Play the game roll the dice  
Welcome to my paradise

The earth is on fire  
A glorious globe  
Gods of desire  
We build a new home

We got to kill the beast of Cnossos  
Make happen every legend we've heard

We travel through the macrocosmos  
Into a new world

Paradise in disguise  
Shout the truth whisper lies  
Play the game roll the dice  
Welcome to my paradise

The earth is on fire

A glorious globe  
Gods of desire  
We build a new home

Push and shove high and low  
Push and shove high and low  
Push and shove high and low  
Push and shove high and low

Paradise in disguise  
Shout the truth whisper lies  
Play the game roll the dice  
Welcome to my paradise

The earth is on fire  
A glorious globe  
Gods of desire  
We build a new home

Ball of confusion  
A market for love  
The final solution  
Dynasty from above
