(Verse)

Count the ribbons in the skies,  
Sadness makes the rhythms fly,  
Ego goes but dries the tears  
Tears are born in states of fear.  
Damage done I leave behind  
After, light my state of mind  
Dreams are dreams and times run by  
I long to live the day I die.

(Chorus)

We come shining, rise like the sun,  
Supernature, forever young.  
We come shining, moon come alive,  
Resurrection, lit the parade.

(Verse)

Innocent, gently weep  
It's time to end your beauty sleep  
Break away, have no fear,  
A brand new day, don't shade a tear.

(Chorus)

We come shining, rise like the sun,  
Supernature, forever young.  
We come shining, moon come alive,  
Resurrection, lit the parade.

(Verse)

Breakdown of the human flesh,  
Creation of eternal dress,  
The sea, the moon, the rising sun,  
Tonight prepare my wedding gown.  
Straight before the owl's call  
Apocalypse, the curtain fall,  
Treasure is like honesty,  
I long to live the way I die.

(Chorus)

We come shining, rise like the sun,  
Supernature, forever young.

We come shining, moon come alive,  
Resurrection, lit the parade.
