Requiem
Requiem

I am the day you die
I want to be alone
Come see my spirit fly
The road to thunderdome
Call me her majesty
My queendom is my pride
I've seen eternity
The dead is still alive
A spirit is passing by
The night I die to tell
I rule the crystal sky
The burning rocks from hell
My army hibernate
My lovers stand in line
The whole united states
Wake up rise and shine

Thy lovers tonight
Sing through a requiem
Oh thy army unite
Sing thou a requiem
Requiem

I drink the holy grail
The soma of your blood
My temple is my domain

You twisted snake of mud
The planets interplay
They crash when worlds collide
Let comets fly my way
My mouth is openwide

Thy lovers tonight
Sing through a requiem
Oh thy army unite
Sing thou a requiem
Requiem

It's time to drink adieu
A bitter coup de grace
My Venus butterfly
And her satellites of Mars
Jurassic giant bird
I spread my golden eggs
It shines around the world
The glow between my legs

Thy lovers tonight
Sing through a requiem
Oh thy army unite
Sing thou a requiem
Requiem
