From the day when he was born
Worlds apart his soul was torn
Killed though he could do no harm
Bless that heart Sebastien

Losing his virginity
Travel through infinity
Buried under astrakhans
Crucified Sebastien

Like sheep the dogs of stray
Monsignors on feet of clay
A meeting late at night
To escalate their fright

The stunning beauty of
A young monk with a glowing love
Kiss those virgin lips
A gift from high above

A serpent on a mission
The devil's passepartout
I hypnotize your vision
I throw my spell on you

Your physical appearance
Your life is in my hand
I crush your perseverance
A circle in the sand

I dwell in the experience
I tempt the sacred lamb
I tempt the sacred lamb
I eat the sacred lamb

From the day when he was born
Worlds apart his soul was torn
Killed though he could do no harm
Bless that heart Sebastien

Losing his virginity
Travel through infinity

Buried under astrakhans
Crucified Sebastien

The egos clash around
The cross to where the boy was bound
The chairman of the board
Strike the burning sword

The villains and the thieves
The body wrapped in golden leaves
Mashed his body down
The golden scent Sebastien

I tremble I'm euphoric
The stench of rotten fruit
The demons clap adore it
The abbots bathe in soot

The prince of fallen angels
I saw the grains of greed
An ancient Ronald Reagan
The vultures that I feed

I milk the naked pagans
I leave your heart to bleed
I leave your heart to bleed
And drink the virgin seed

From the day when he was born
Worlds apart his soul was torn
Killed though he could do no harm
Bless that heart Sebastien

Losing his virginity
Travel through infinity
Buried under astrakhans
Crucified Sebastien

A serpent on a mission
The devil's passepartout
I hypnotize your vision
I throw my spell on you

I'm in the top position
I tempt the sacred lamb
I tempt the sacred lamb
I eat the sacred lamb

From the day when he was born
Worlds apart his soul was torn
Killed though he could do no harm

Bless that heart Sebastien

Losing his virginity
Travel through infinity
Buried under astrakhans
Crucified Sebastien

Hosiannah, hosiannah

From the day when he was born
Worlds apart his soul was torn
Killed though he could do no harm
Bless that heart Sebastien

Losing his virginity
Travel through infinity
Buried under astrakhans
Crucified Sebastien

From the day when he was born
Worlds apart his soul was torn
Killed though he could do no harm
Bless that heart Sebastien
