Satisfy my dream satisfy my dream
Shoot that laserbeam shoot that laserbeam

Day of make-believe
Day of make-believe
When you set me free
When you set me free
Always by your side
Always by your side
My love deep and wide
My love deep and wide

Ooh baby baby
Take me to a place where the smart people go
If you tell me how to dress I won't hesitate to show
Now our whole affair is the hottest thing around
Frankly I don't even care if I'm king and you're the clown

Please come back and stay
Please come back and stay
Never walk away
Never walk away
Satisfy my dream
Satisfy my dream
Shoot that laserbeam
Shoot that laserbeam

Ooh baby baby
Maybe I'm a fool tryin' hard to play it cool
Won't you give me some advice how to shake off your disguise
Match a heart of gold guess I'm livin' in a dream
Now heart to heart we could explode and shoot that laserbeam
Day of make-believe
Day of make-believe
When you set me free
When you set me free
Always by your side
Always by your side
My love deep and wide

My love deep and wide

Cha cha cha forward back
Cha cha cha forward back
Cha cha cha forward back
Cha cha cha back forward

Ecoute bÅ½bÅ½
Dix heures du matin et tu me casses la tÃ¼te
A faire la fete au laser retuourne faire dodo
Sinon je te tÅ½matÅ½rialise avec mon yoyo
Ce soir c'est le bal sous les etoiles
Patience ma poule

Day of make-believe
Day of make-believe
When you set me free
When you set me free
Always by your side
Always by your side
My love deep and wide
My love deep and wide

Please come back and stay
Please come back and stay
Never walk away
Never walk away
Satisfy my dream
Satisfy my dream
Shoot that laserbeam
Shoot that laserbeam
