Light in the tunnel
I find my way home
Spirits have flown
Waving goodbye
To material things
From angel wings
Back to nature my return
Change of heart skin is burned
Found a cure I'm all hooked up
Meditate on a mountain top
Born again contemplate
Powerfield I create
Flying high on a wave of live
Supernatural
What can I say what could I do
Heaven is near heaven is near
I'm still with you
Glory hallelujah heaven is near
Supernatural
Tell me you see tell me you dare
Heaven is near heaven is near

Go everywhere

Glory hallelujah heaven is near

Supernatural

Deep in the forest

I fight to protect

Nature's respect

Over the ocean

And under the sky

Learning to fly

Secrets hidden pollute your mind

Open spaces here to find

Voices tell stand the test

Walk transparent I'm obsessed

Make a move let your mind feel free

Stepping outside reality

Flying high on a wave of love

Supernatural

What can I say what could I do

Heaven is near heaven is near

I'm still with you

Glory hallelujah heaven is near

Supernatural

Tell me you see tell me you dare

Heaven is near heaven is near

Go everywhere

Glory hallelujah heaven is near

Supernatural
