It's just a boy meets a girl  
And he doesn't know what hit him,  
He's just a boy and he's young  
And his life is out of rhythm.  
She's such a girl and she's swell  
But she gives him no attention,  
He's just a boy all alone and his life is out of rhythm,  
It's out of rhythm.

And the boy put the record on  
And the girl started listening to the words of his song,  
When the boy put a record on,  
He told her things that he couldn't  
Like he'd loved her all along.

He's just a boy and he's scared and he doesn't seem to  
fit in,  
He stands away from the crowd and his life is out of  
the  
Rhythm, it's out of rhythm.

And the boy put a record on  
And the crowd started listening to the words of his  
song,  
When the boy put a record on  
He told them things that he couldn't  
Like he'd been there all along,  
When the boy put the record on  
They all adored him and they wanted him to be their  
star.

You're going to be a star, A radio star,  
Be our star, A radio star.

He's still a boy but he's coy  
And he knows the way to thrill them,  
He's just a boy meets a girl and he found himself a  
rhythm,  
He found a rhythm.

And the boy puts a record on

The whole world stops to listen to the words of his  
song,  
When the boy puts a record on  
He tells them things that he couldn't  
Like he'd hidden for so long,  
As the boy puts a record on he makes them happy  
That they turned him into such a star,  
A radio star.
