Tarheel Slim:

I was wrong Little Ann
when I drove you from my door
I was wrong Little Ann
when I drove you from my door

'cause the girl I thought that loved me
don't want me no more

Little Ann:

you are old enough to know
everything shines ain't gone
you are old enough to know
that everything shines ain't gone

I won't come back to you baby
to sing your time is up

Tarheel Slim:

baby please give me one more chance
I'll do anything for you
please please please give me one more chance
I'll do anything for you

Little Ann:

we both played the game and lost
now you and I are really blue
