You got to find your way
Don't hold back
You got to find your way

Don't let them bring you down
Don't let them steal your dream
You've got the right to be exactly
Who you really wanna be
Don't let them tell you what to say
Or what to do or who to be
Cause you've got only
One life to life
Sometimes it ain't so easy
To trust in what you feel
Hold on to what is real
When the fight is gone
Got to keep your head up high
Keep reaching for the sky
Left the love from deep inside
Keep you growing strong

Don't hold back
You got to find your way
Don't hold back
You got to find your way
Don't hold back
You got to find your way
Don't hold back
You got to find your way

It's time to be yourself
It's tell you to tell yourself
You're big and strong enough
To make it happen your way
Wake up and take a chance
To breath to dance to live to feel
To see the beauty
Don't be afraid
Sometimes it ain't so easy
To trust in what you feel
Hold on to what is real

When the fight is gone
Got to keep your head up high
Keep reaching for the sky
Left the love from deep inside
Keep you growing strong

Don't hold back
You got to find your way
Don't hold back
You got to find your way
Don't hold back
You got to find your way
Don't hold back
You got to find your way

Never give up on love
It will guide you
Like the river flowing swiftly to the sea
No never give up on love
No matter you do
And the rhythm of your heart
Will set you free
