I rip shit like a bow when I flow  
And I score points with the joints that I throw  
Cause I flow deadly  
I'm no punk see  
I break backs, make tracks and get funky  
There's no one to run to cause nobody cares  
MC's drop to your knees, say your prayers  
The luck of the Irish is about to kick in  
Prepare to die and notify your next of kin  
I'm goin' all out, buck, duck and call out  
That's how I'm livin', punk you better stall out  
This is the House of Pain  
To come inside is insane

#### Chorus

I'll put your head out (4x)  
Jump up spread out  
I'll put your head out  
I'll put your head out  
Put put your head out  
Jump up spread out  
I'll put your head out  
Hey what up punk?  
I'll put your head out

Who steps the booze  
When the hoods wanna take a cruise  
They're feelin' the effects of the booze  
Ain't no clues to hold with them fools  
Who got smoked even though they scrat crews  
You got bruise but I got the booma  
Trigger to blast ya askin the bull  
Take my life shit, I'll take you to school  
In the do what's the difference if your think of droppin  
Jews  
Carbon copy think you're so cool  
Stop dreamin' and hallucinatin'  
You're caught up in a piece of pain  
Click click, punk, now you're thinkin' oh shit  
Quit while you're ahead before I fill you full of lead

## Chorus

Blessed with the gift, and gifts with the rhyme  
I never say quit when I'm out to get mine  
It's live and let die, sit back and get high  
Smokin' a fat blunt, waitin' for some punk  
To act up like he's got somethin' in him  
Then I grab the mike and start spittin' out venom  
Coughin' up headstones, blowin' out headphones  
Steppin' to me, you'll wind up in the Dead Zone  
It's nothin' personal, that's how it goes, G  
Step up with beef, and you'll wind up losin' teeth  
Cause I don't give up the mike that easy  
Step back, this ain't government cheese, G  
You can stand in line, but you ain't gettin' it  
Talk all the shit you want, but I ain't sweatin' it

## Chorus
