Prod. Timbaland

I can feel your presence in the wind
And I know I'll see you again
You've gone to a place unknown to man
But I know I'll see you again

Every time I think about you
How I live my life without you
Here with me face to face
I leave your wisdom guide me
Your loving , to hide me
But I feel you watching me every day yeah

I can feel your presence in the wind
And I know I'll see you again
You've gone to a place unknown to man, you've gone
away
But I know I'll see you again, but I know I'll see you
again

I miss you so much, I, I need you so much
I can think about is that day
When your spirit left my presence
But I know you're smiling in heavens
I'm so happy you're not in pain, but I miss you

I can feel your presence in the wind
And I know I'll see you again, I know I'll see you again
You've gone to a place unknown to man, you've gone
away from me
But I know I'll see you again, I'll see you again, see you
again

I never felt so much pain and happiness
As , I wish you were there, to hold me, to hold me, keep
me
I never felt so much pain and happiness
As , I wish you were there, to hold me, to hold me, keep
me
Until the day that

I can feel your presence in the wind, I can feel your
presence in the wind
And I know I'll see you again, see you again see you
again
You've gone to a place unknown to man, you've gone
away, you've gone away
But I know I'll see you again, I'll see you again, yeah
Oh, oh, I'll see you again, yeah, yeah.
