There's something funny 'bout the two of us  
We never fight, ah we never fuss  
We just can't get enough if you get my drift  
Yeah from what I've heard about love, this ain't it

I make you laugh and you make me smile  
We stay together and go in style  
Things get a little bit wild everytime we kiss  
So from what I've heard about love, this ain't it

Cuz love can break your heart I've heard  
Drive you to drinkin' crazy or worse  
Talk about trouble, love is at the top of the list  
But girl you know we fit like a glove  
We're side by side when push comes to shove  
From what I've heard about love, this ain't it

I've seen it in the movies, read it in the books  
Hearts goin' under everywhere you look  
Fire's burning out, but baby me and you  
We're the exception to the rule

Cuz love can break your heart I've heard  
Drive you to drinkin' crazy or worse  
Talk about trouble, love is at the top of the list  
But girl you know we fit like a glove  
We're side by side when push comes to shove  
From what I've heard about love, this ain't it

Yeah from what I've heard about love, this ain't it yeah  
Yeah from what I've heard about love  
No from what I've heard about love  
Yeah from what I've heard about love no no this ain't it
