Ladies and gentlemen mjm presents Yasmeeen whooo!  
Jazy faze

Ooooooooooooo  
oh ooooooooooooo

[Verse 1]

I've been checkin u  
And I like the way u walk  
Your sexy b-boy style  
The confidence u brought  
So let me take a minute  
To introduce myself  
Cuz u don't need to kno  
Anybody else

[Chorus]

Here's a number u can call  
Anytime you wanna talk  
That's exactly where I'll be  
When you wanna get at me  
And if you wonder what u do (what you do)  
That's got me into you  
It's your blue jeans  
The way you rokin dem blue jeans baby

[Verse 2]

No one else makes me feel  
The way you do inside  
Temptation is so real  
Hits me day all night  
So keep this nice and safe  
Some where near your heart  
Wouldn't wanna loose this  
Love right before it starts

You got everything that i want that i want  
You got everything that i need that i need yeah

[Chorus 2x]

[Rap]

Days went by it was plain to see  
That I finally figured out why u started diggin' me  
It was the jeans not the rings outfits see  
Round the same time when ray drop cream  
I still have locks but every little stone  
Is messin with you have me not comin' home  
And word on the street is that you got me whipped  
It got back and had a brotha on flip  
How they kno I had broght that whip  
It's all good that's just one of my dips  
Cuz I love it when my stomach touch your body baby  
My tounge game is mad crazy enough about me  
Don't star suga I drove the ark  
No one taught me how to parralell park  
I'mma hit you out the light in my darks  
In like 15 to 20 min. you heard baby that's from the  
heart

[chorus]

Here's a number you can call (you can call)  
Anytime you wanna talk (wanna talk)  
That's exactly where I'll be (where I'll be)  
If you wanna get at me (get at me)  
If you wonder what you do that's got me into you  
It's your blue jeans they way you rokin dem blue jeans  
baby

(oooooooo) you can call  
Wanna talk , where I'll be  
Get at me ohhh  
What you do (oooooooo)  
It's yor blue jeans  
The way your rokin your blue jeans baby

[Repeat chorus 1x]
