Have you looked deep inside yourself  
deep inside myself i am caught  
and you thought i'm beside myself  
deep inside yourself you are not  
and i try to find how i am alive  
you are not alive i find  
and i'm not that girl that you once knew  
that i thought you knew i never was

I am much deeper than this  
you are now my strangest kiss  
i try to identify myself  
but i'm still lost in my own personal hell

Have you broken it down within  
have twisted it with my pain  
it simply grabbed and overtook your dreams  
ripped apart your means of fame  
and you're beside the well of my mental health  
I always seem to dwell on your means  
you wish that girl with those blondish curls  
I wish that i could kill that dream

I can't find myself anymore  
today is the day of redemption  
i can't find myself anymore  
today i absolve your intentions  
to destroy me

I am bigger than this  
you are now my deepest kiss  
i finally accept myself  
here in my own personal hell

I try to lock it up and toss away the key  
far away from me where you'll never find  
so you'll dig around with your sorry frown  
try to bring me down to your kind  
I refuse your game i won't fight today  
hell, i'll runaway from you  
I'm much stronger now that i found myself

when you are beside yourself what can you do

I am much deeper than this  
you are now my strangest kiss  
I try to identify myself  
but i'm still lost in my own personal hell
