can't stand for all the knives in my back  
weighing me down weighing me down  
weighing down on me  
my fruit's bitter hanging on the vine  
like wasted promises from wasted time  
feel the water rising on my neck  
about to break, to crest...  
the rest is history  
i feel like drowning  
the tide's dragging me down  
weighing me down...weighing down on me  
i'm smothered in hope  
somebody save me  
somebody save me  
i hope somebody saves me  
can you hear me screaming in hope?  
in a state of being smothered in hope (save me)  
in a state of breathing smothered in hope (save me)  
in a state of mind breaking smothered in hope (save  
me)  
it's held over my head like a pillow (save me)  
drained of strength practically i'm dead  
weighing me down weighing me down  
weighing down on me  
the water wipes my will dry  
it's like a funeral of my mind  
screaming means hope...  
breathing means will...  
i think i need strength  
i want to give up my hope  
it's weighing me down  
i'm smothered in hope  
somebody save me  
somebody save me  
i hope somebody saves me  
can you hear me screaming in hope?  
in a state of being smothered in hope  
(save me)  
in a state of breathing smothered in hope (save me)  
in a state of mind breaking smothered in hope  
(save me)

it's held over my head like a pillow  
(save me)
