"A Boy Named Charlie Brown"

Written By Andrew Cagle

There was a boy named Charlie Brown,  
Who lived in my home town,  
He was as white as snow,  
And his hair was as blonde as it could goâ€¦

There was a boy named Charlie Brown,  
Who never let his life get him down,  
But his life was weakened,  
Because he was IN LOVE with a girlâ€¦

But she didn't know he loved her,  
Cause she's so oblivious to the world,  
Always hiding instead of seeking,  
Sometimes I never think she'll know.

Her name was Lucy,  
She always saw him as a friend,  
And always loved to pull that football,  
Out from under himâ€¦

Even though she cared,  
She never knew he loved her back,  
And that was enough,  
To keep them where they're atâ€¦

But she didn't know he loved her,  
Cause she's so oblivious to the world,  
Always hiding instead of seeking,  
Sometimes I never think she'll know.

There was a boy named Charlie Brown,  
Who lived in my home town,  
He was as white as snow,  
And his hair was as blonde as it could goâ€¦
