When I stare into your beautiful eyes,
You stare back in mine.
When you hold me oh so tight,
I wish that it'll never end. (It'll never end)

So are we on the way to love or,
On the way to somewhere else,
Somewhere contrary, extra ordinary,
Just for you and I. (You're so beautiful)

I want to walk this earth,
Hand in hand with you,
Every step of the way,
Every step of the way. (x2)

When I'm around you,
I get that fuzzy feeling,
A feeling of loves in the air,
Spreading everywhere,
Especially to you and I. (You and I)

I want to walk this earth,
Hand in hand with you,
Every step of the way,
Every step of the way. (x2)

Your so Beautiful,
Your so Beautiful,
Your so Beautiful,
You make my heart stop. (x2)

I want to walk this earth,
Hand in hand with you,
Every step of the way,
Every step of the way. (x2)
