Friendships falling apart,  
Weird times these are.  
What's wrong with the world today?  
From ally to enemy,  
Why can't we see,  
How truly stubborn we are.

Why can't we work this out?  
Why do we scream and shout?  
For those fighting from day to day,  
I dedicate this song to you.

Now with all the damage done,  
Yet no one has won,  
Look at the mess you made.  
You sit there saying  
You don't care,  
When you really do.

Why can't we work this out?  
Why do we scream and shout?  
For those fighting from day to day,  
I dedicate this song to you.

Please, Please,  
Work it out,  
My minds been all about,  
Trying to decide to whom will I side.  
These rumors grow into lies,  
Which make tumors under our skin.  
Stop this war between two men,  
Before it's too late.

STOP!!!
