

Tears, The "Refugees"

Visit "[Refugees](#)" on MotoLyrics.com

You are the dust and I am the rain
Let's go out to the rust and
Let's gather the change

Let's take to the streets
You and I, we're life's refugees
But like Bonnie and Clyde we're free
Don't say there's nothing between us

You stain the pavement, I'll take the blame
Our love is our saviour, our life is our grave
Let's take to the streets
You and I, we're life's refugees
But like Bonnie and Clyde we're free
Don't say there's nothing between us

We live for the sunshine
And smile through the rain

Let's take to the streets
You and I we're life's refugees
But like Bonnie and Clyde we're free
Don't say there's nothing between us

So let's take to the streets
You and I compete with the freaks
But like Bonnie and Clyde we're free
Don't say there's nothing between us

Well there's nothing between us
Well there's nothing between us
