Rick Cousin & J. Scott)

Inseparable lovers,

from the start I really want to know what's going on in  
my heart

Hey, I've got this feeling that you will be mine,

all mine until the end of time

As I go along, I can feel you keep me going strong

Each and every day as I go my way

My love is all for you and it's here to stay

I've been waiting, I've been waiting

Why baby, do you make me feel that way?

I'm glad I got you in my love today

I'll never doubt your love will stay

You love will stay always

I'm hanging on just like a child, said I've been with you  
(for quite a

while)

Please girl, understand me?

Oh my love is not demanding, and I will not ever leave  
you

Ever leave you (No, No, No, No, No)

Real love with good intentions

Girl won't you share my visions

My visions of a perfect love

Just like the ones from up above

My perfect angel, listen

I have but one conviction

You were the change and I plead guilty

I plead guilty

You love hit me

CHORUS

Inseparable, love will never go away

Inseparable, love will always be here to stay

CHORUS
