Last night you were so in to in

You told me secrets that

You've never told a soul

You were so nervous and

yet oh so comfortable

As we explored your image of love

I drank your wine

As you tasted mine

I kissed your lips

You felt my body slip

Into your soul

I heard you moan

I almost cried 'cause it was so beautiful

Chorus:

Last night

I was inside of you

Last night

While making love to you

I saw the sun , the moon

The mountains and the rivers

I saw heaven when I made sweet love to you

Last night, there was no planning it
It was so special and
So very innocent
We talked of memories
Our favorite fantasies
As we explored our visions of love
And deep into the night
Right by the fireside
You felt my candlelight
In your soul
You felt incredible
I started to explode
I almost cried 'cause it was so beautiful
Chorus
Sunlight, red roses
The scent of you, it calms the heart
The sight of you, I fall apart
Moonlight, the things we notice
When we're in love, that's when it comes
And I'm so in love, I'm so in love
