I will be as I am  
As I am, you will see  
As it is, so it goes  
First it drips, then it flows  
Then it flows

I will stay, I will wait  
I never sleep, I'm wide awake  
I have a mind, mind to know  
Thick from thin and quick from slow  
Quick or slow

And I won't stand here  
And let you walk away  
I won't let anything stand in my way  
Oh the mountain is too high  
The slope too steep to climb  
I will find you  
Come out, come out  
Come out, come out

And what you see, is what you get  
And what you grab, is what you get  
But never mind, what I told  
What you hold, just let it go  
Oh, let it go

And I won't stand here  
And let you walk away  
I won't let anything stand in my way  
Oh the mountain is too high  
The slope too steep to climb  
I will find you  
Come out, come out  
Come out, come out

One day soon, you will see  
One day you, and one day me

And I won't stand here  
And let you walk away

I won't let anything stand in my way  
I will find you, whatever it may take  
I will find you

And I will walk on  
Oh I will walk  
And I will find you, whatever it may take  
I will find you
