

Army Of Me "Rise"

I've been reachin' for the stars
I've been stretchin' out so far
Am I getting any closer
Then I've ever been before

I was lying in the gutter
I was crawling in the street
Now the servants are all sitting
In the most distinguished seats

So rise, rise like a star you'll rise

I rebuildin' this house
That was taken by the waves
Oh, this time I'll make a mansion
Oh, this time I'm not afraid

I was lying in the gutter
And I was crawling in the streets
I was lookin' for an answer
Well, the answer it found me

So rise, rise like a star you'll rise
Rise, rise like a star you'll rise

With strength in my ankles
It's time to walk
Rise up, rise up my hearts on top
I've been hidin' for much too long, it's time

Rise, rise like a star you'll rise
We'll rise, rise like a star you'll rise

Rise, rise like a star you'll rise
Rise, rise like a star you'll rise
Rise, rise like a star you'll rise
Rise, rise like a star you'll rise
