A Killer does not reveal that he's out of touch with
everything that's real.
Spend time with the celebrities online,
they'll make you feel good.
My life on the television.
My life with a moderate revision.

Remember to be good to you and put leaves upon your
face.
I'll take a few to remind me of the woods and severed
legs.

Tell me what it's like to sleep outside,
ingestible to the animals.
My life on the television.
My life with a moderate revision.

I'm never ending and famous for a century.
I'm never ending and alone.

We are so much alike, you and I.
You're a hobby and I'm a killer.

Thanks to Razvan
