Youre just 19
But already the bichiect queen
Your rooms a mess
Im not impressed

But damn you have
The cutest dress
The worlds not fait
You just cant deal with your despair
Aspirins and alcohol are not enough to die Nicole

Heres the party youve waiting for
Make some room for the perfect ho
All your friends are arriving
Mainstream hits and magazines

Morning comes and youre not home
Hey Nicole what have you done
What youve lost is memory
Poor Nicole

Aspirins and alcohol
This is a cocktail for Nicole
Fucked Nicole is out of control
Call Nicole and fuck Nicole
Alcopop and ketamin
This is a cocktail for my teen
Fat Nicole is in my dream
That Nicole is more than real

X2

Dont call your mum
Her babys gone
Youre in disgrace
In your black dress
Dry your tears
Get on your feet
Take your stuff
Brush your hair
Bottom line

Boys are not fair

Morning comes and youre not home
Hey Nicole what have you done
What youve lost is memory
Poor Nicole

Aspirins and alcohol
This is a cocktail for Nicole
Fucked Nicole is out of control
Call Nicole and fuck Nicole
Alcopop and ketamin
This is a cocktail for my teen
Fat Nicole is in my dream
That Nicole is more than real

X2

Mornings gone, youre still not home
Hey Nicole your dreams are blown
What youve lost is dignity
Sad Nicole
