"Love No"

You're always like
Why do you have to see your friends so often
Are they more important than me?
You spend so much time on your computer
But you shouldn't cause your eyes are getting red
Or maybe it's the whatever

Are you really gonna eat that peperonni pizza
It looks so greasy
And your bathroom is worse than disgusting

I'm not in love
I'm not in love with you
I'm not in love
I'm not in love with you
But it's okay to stay with you
I'm not in love oh oh

Also, you have to stop seeing your ex
Cause basically she's your ex right
You party too much
No wonder you're always tired
What about that movie Showgirls
I can't believe you're watching it again
You've already seen it 15 times
Please come for dinner with me and Jenny
It would be great cause we're so funny
And for god's sake
Stop smoking all the time

You know what?
This morning I woke up
And I saw your angry face
And now I'm just wondering
Are you in love?
Are you in love?
Are you in love?

I'm not in love
I'm not in love with you
I'm not in love

I'm not in love with you
But it's okay to stay with you
I'm not in love oh oh
