It's good to see you again
yea, that's what I said
It's good to see you again
and don't pretend.....

(chorus)

That you wanted me
and everything that comes with me just being me
and I don't care
about anything, except time spent on your street
why won't this stop
or maybe start is what we really want this to be
I need you now
more than anything, in due time

Over and under my skin
It's good to see you again
Convenience only gave us the night
It's good to see you again
Over and under, under and over again
Over and under
(Talking, " I could have left you know. I could have gone
without your voice")

Why can't I see.....

(chorus)

That you wanted me
and everything that comes with me just being me
and I don't care
about anything, except time spent on your street
why won't this stop
or maybe start is what we really want this to be
I need you now
more than anything, in due...

I know, I see you
there, under there
I know, I see you
here, over here, I (4x)
(Said no to Virginia, waiting for tonight) (3x)
