Take a day  
and walk around inside my head  
but you can stay  
as long as you want  
until you feel pressured to say  
whichever this and that's will fail without no play

If you want it  
you can have it  
pressures there  
just go away  
I really want you  
but I can't have you  
straighten your life out  
do what you wanna  
just go away  
Everyday  
just go away

Clock strikes 9  
but upside down it's 6  
and I hate time  
cause when it's 6 it's 9 and this wasted trip  
down the way  
all these months of silence, silence  
Can't you stay?  
because it's never enough,  
it's never enough today

Stare at the sun  
blinding your eyes  
feeling, this feeling  
this dying inside (4x)
