The moon is rising now  
I can see it from a distance  
it comes up as i fall down  
reminds me of useless persistence then i look back  
and recall that time for that moment  
i truly believed you'd be mine  
maybe it was never meant to be  
but those few minutes were precious to me

I'm falling like a broken dream  
any reasons are unseen  
hope is over rated

I've said my prayers wished upon a star and nothing  
has come of this so far  
simply stated I'm here but you're there and nothing  
more will come of this today  
why were the times with you such bliss  
why did i have to reach for a kiss  
can i ask what i did wrong  
no answers as thoughts play through my head

I'm falling like a broken dream  
any reasons are unseen  
hope is over rated

Never thought it was doomed to fail  
it was acted well when it seemed that you cared  
alone on the beach as i stare along the shore without  
you is so bare  
why were the times with you such bliss  
why did i have to reach for a kiss  
can i ask what i did wrong  
no answers and thoughts play through my head

I'm falling like a broken dream  
any reasons are unseen  
hope is over rated

Relationships are gone like the sky  
the stars said good-bye and now the turn is mine  
now if you wont tell me why I'll know that it's a lie

nothing is ever fine  
you're love was just a dark disguise  
the one that I despise  
its funny how time flies  
you'll always be just a girl who denies the fact she  
cries....
