There's no beginning to this song  
There's no beginning to this song  
I wish you stayed and now I'm going on  
Yea, no beginning to this song

20 questions come and go  
true colors always show  
but your just hurting them -  
oh wait your hurting me (Grab my arm tighter)  
I don't wanna move forward, I don't wanna move back  
just stick in this single place in time  
I promise, take cover  
you ready? go  
I promise, take cover  
you ready? go  
go.....

Take a step outside yourself it's cold  
imperfection's just a stage  
so play it over again now and see  
what I could be, if I wanted to be  
popular and up a tree  
I promise, take cover  
you ready? go  
I promise, take cover  
you ready? go  
go.....

It's funny all I wanna hear  
is bottomlines fly through my ears  
and when there's nothing left to fear  
there's bottomlines that end in tears  
I promise, take cover  
you ready? go  
that end in tears  
take cover  
you ready? go  
go.....
