### "burrito"

it's a 7-11

do you want to take a walk outside?

if you want a burrito, you can have another bite of mine

it can last you forever

if you're not waiting for the call

come on over tonight

come on over thid morning

momma says "you only fall in love once"

and you could leave here tomorrow

you know you wanted to have more

they were looking for answers

and if you never had them score

yeah it could last you forever

just sit here in the store

come on over tonight

come on over this morning

momma says "you only fall in love once"

and you think you konw that they'll always be there

you never had the time

i want you to be fine

it's a 7-11

do you want to take a walk outside

if you want a burrito

you can have another bite of mine

it can last you forever

if you're still waiting on that call

come on over tonight

come on over this morning

momma says "you only fall in love once"
