You and I,

we're two of a kind,

I hate to say it but you'll never relate,

what makes you tick?

It makes me smile.

You said that I should get away from it all,

and bury my head in the sand if I want to,

I think youâ€¦

should thank me now.

You were lying wide awake in the garden,

trying to get over your stardom,

and I could never see you depart us

and you're my baby,

you're just another girl.

I never mind the way I had to see ya,

my working on a day show never explains why I see you

and I feel your pain.

I love to wear my work inside of my head,

I can't complain but you should never react the way you
did,

I feel your time.

You were lying wide awake in the garden,
trying to get over your stardom,
and I could never see you depart us
and you're my baby!

And you were lying wide awake in the garden,
trying to get over your stardom,
and I could never see you depart us
and you're my baby,
you're just another girl,
just another girl
