"If I Say"

If I say I love you would you say "I do",
If I say the sea would you just say "blue",
If you see me falling would you please catch me,
And if you see me leaving would you follow me,

I know that life is just,
A silly silly little thing,
But if you stay tonight you could die with me...

If you feel me crying would you please kiss me,
And if you see me dying would you die with me,

I know that she will get away,
I know that she will get away,
Someday she says she'll get away,
I beg you please don't go away.
