Oh well it's ok to think so
But don't leave it sitting
Don't stand in front of the headlights
And you know what I mean

You think you're just like the rest of them
All you're days are for living
You might be waiting a while
So might as well do some dying

[Chorus:]
Never Never go back
A Never never go again
Never Never go back
A Never Never go again
Never Never go back
A Never never go again
Never Never go back
A Never never go again

Oh well it's ok to think so
But don't leave it sitting
Don't stand in front of the headlights
And you know what I mean

You think you're just like the rest of them
All you're days are for living
You might be waiting a while
So might as well do some dying

Was-Ting
Wat-Ching
On small screens

Oh I see you coulda been
Eyes so open
And when you see it walking in the distance
Don't stop nothing
Don't stop for me
You're slowly dying
For absolutely nothing

So say nothing

This will pull your hearts

So Cold sooo

This will pull your hearts

So cold sooo

Sooooo Coold your hearts

So cold soo Cold.

Oh well it's ok to think so

But don't leave it sitting

Don't stand infront of the headlights
