At this point I've lost control  
Falling farther in my hole  
It will take, more than, you know  
Till this day I'm walking tall  
Just cause I know I've lost it all  
I am fading away

I find myself looking down  
Over my own soul  
Will I ever get to know  
The better part of me.

Still I don't, know what it's for  
Cannot take too many more  
Of these pills, they make, me sick  
Forever I'll be the same  
There is no one else to blame  
But myself,  
I am the only one

I find myself looking down  
Over my own soul  
Will I ever get to know  
The better part of me.  
And I know I'll find peace today

The fire in my eyes  
Will I ever get to say  
Go Away

I watch myself  
I'm living a lie  
I seem to falter  
Even though that I try so hard  
So with this kiss I walk away  
It will be gone today, today

I find myself looking down  
Over my own soul  
Will I ever get to know  
The better part of me.  
And I know I'll find peace today

The fire in your eyes  
Will I ever get to say  
Go Away

I watch myself  
I'm living a lie  
I seem to falter  
Even though that I try so hard  
So with this kiss I walk away  
It will be gone today, today
