"Hold On"

Visit "[Hold On](#)" on MotoLyrics.com

When you need someone to hold you
When you feel cold and alone
Try to find a way to warm yourself
But you don't no what to do

This is for those who suffer a lot
It feels so hard to smile
Remeber at the times of sadness
WHen people are crying for their lives

Look around you
There's an amptiness in their eyes
No more children's laugh
No more peace in our lives

So let's hold on together
Release all your pain
And let me wipe your tears
And smile

Believe in the power of love
The strength inside you
And let us survive
Build the happiness

Hold on.. Hold on.. Hold on... Hold on
