if i like what i see
is it good to me
and i can forgiven if i want some more
some more
(la la la, la la la)

please don't hate me as i am
cuz all it takes is just one taste
before you understand
before you
(la la la)
understand
(la la la)

is everybody high
everybody high
is everybody high enough to die
but everybody waits
it's everybody's fate
to reach for another side

how can it mean so much to me
when my elders won't let me have much more
much more
(la la la)
what a bore
(la la la)

is everybody high
everybody high

is everybody high enough to die
but everybody waits
it's everybody's fate
to reach for another side

is everybody high
everybody high
is everybody high enough to die
but everybody waits
it's everybody's fate
to reach for another side

is everybody high
everybody high
is everybody high enough to die
but everybody waits
it's everybody's fate
to reach for another side

is everybody high
everybody high
is everybody high enough to die
but everybody waits
it's everybody's fate
to reach for another side
