Johnnie take a ride Don't wanna see you when you're
sober Love it when you cry And when I watch you
keeling over It is more than any girl could bear Don't
know why Screaming when you're in there Standing tall
Standing in my way Got too close to the hair On my
face Got too close And touched me God I hate it when I
feel something Johnnie take a ride Oh honey please will
you get over Love it when you cry Cos you remind me
of my mother Got too close And touched me God I hate
it when I feel something Johnnie get away from me You
scream too loud and make me feel Close my eyes and
close my ears Just get the fuck away from me Got too
close And touched me God I hate it when I feel
something
